SELECTION PROCEDURE

The selection procedure is organized by the Intermediary in cooperation with Bulgarian higher education institutions/scientific organizations. It is based on a 2-stage model.

The first stage is carried out by the Bulgarian higher education institutions/scientific organizations (home institution). Applicants submit their applications to their home institution which will arrange for their assessment, which includes administrative compliance assessment, eligibility assessment and quality assessment. The home institution selects their students/doctoral students/teachers/administrative staff representatives/researchers using the selection criteria given below. The higher education/scientific organization also organizes the exchange of their students and/or doctoral students. To this end, the home institution of an applicant and the host institution in an EEA EFTA country must have signed an agreement.

The second stage is carried out by the Intermediary. The applications are to be submitted to the Intermediary by the higher education institutions/scientific organizations by the deadline given below. The Intermediary arranges for their further assessment (document check and interview) by a Selection Committee, which includes administrative compliance assessment, eligibility assessment and quality assessment. The latter shall be based on the selection criteria specified below. The

Selection Committee makes proposals for selected candidates before the Minister of Education, Youth and Science who approves the candidates and their grants.

SELECTION CRITERIA

Measure a)

1. Motivation (motivation letter, personal interview)
2. Academic merits (GPA no less than very good (4.50), awards)
